

REAR MOUNT WING SERIES

“QUALITY by DESIGN”

Everest Heavy Duty Rear Mount Wing System

Offers extremely rugged design to mount cleanly with rear saddle behind the rear wheels.

Allows for tight installation of body to back of cab for improved chassis turning radius.

Available with standard two push arm system with safety trip dee or single push arm system with rubber timbren trip.

Single arm system available with fixed or extendable push arm.

Rear mount system tucks wing tight into side of truck in travel position for improved visibility and cab access over conventional forward wing mounts.
